Join us for a night of fun filled family wreath making! In this workshop you will learn various types of evergreen trees/shrubs used for holiday décor, varieties you could plant at home and cut from year to year, how to take proper cuttings from a tree and use them to construct a live wreath, and how to tie and attach a 6-9 loop bow to your wreath. This workshop is hands-on, allowing participants to learn about the process while constructing their own wreath and bow to take home and display. Get in the holiday spirit by bringing the whole family, having some fun being creative and stepping up your winter decorating game!

A vibrant, cartoon-style illustration of a farm scene. At the top, a banner reads "JOIN US FOR HANDS-ON LEARNING!". Below it, a red barn with a green four-leaf clover on its door stands next to a wooden windmill. A red tractor is parked nearby. In the foreground, various farm animals are depicted: a black and white cow, a brown cow, a white sheep, a brown horse, a pink pig, a white chicken, and a rooster. A scarecrow, a dog, and a goose are also present. The background features green hills, trees, and a blue sky with clouds and a butterfly. A string of colorful bunting hangs across the scene.
